

SPONSORSHIP **PROPOSAL**

Give From The Heart 

ABOUT US

The Delta Community Foundation is supporting invaluable work in the neighbourhoods in which you live, work and play.

Through the generosity of our donors, we fund initiatives, charities and non-profit organizations operating in sectors such as mental health, education, arts, culture & heritage, children & youth, environment, food security, Indigenous initiatives, neighborhoods, seniors and much, much more.

For more than 35 years, our Foundation has been the only charity that gives to all other charities in Delta. Our donors have entrusted us with more than \$3 million in funding, and the generous members of our community continue to give.

We are able to help fund important needs in our community because of individuals, families, and businesses that believe in the work we do. Please consider a gift to the Delta Community Foundation.
